

Cash is King Terms & Conditions

Entries to our Cash is King Promotion can be obtained by playing our poker machines between the hours of 7.00pm – 8.00pm each Wednesday.

When a customer inserts their valid membership card into their nominated gaming machine, they will automatically receive an automated paperless entry for every \$5 spend.

Staff will draw the winner using the random draw feature installed on the kiosk and the draws will take place every 15 minutes during the playing times.

Entrants must be present at the time of the draw to win a prize. Every entrant must be over the age of 18 years.

When the member is drawn out, the winning member will be given the opportunity to spin the wheel. The wheel will contain 50 inserts and one of these will be a \$100 cash prize – known as the jackpot. Each time the winner spins the wheel during the playing time, if the jackpot is not won, another \$100 cash prize insert will be put into the wheel, increasing the jackpot by this amount.

For example, 2 inserts = \$200 Jackpot, 3 inserts = \$300, 4 inserts = \$400 jackpot amounts.

The jackpot can only be won once during the playing time, if it is won prior to the finish of the promotion, all \$100 inserts will be removed from the wheel and replaced with other prizes.

Should the winner of a draw not be present and fail to claim the prize after 1 minute of the original draw, the draw will continue until the draw is claimed.

There is no limit to the number of entries per person provided all conditions have been complied with.

All automated entries are valid for each draw during the playing time.

Staff and direct family members are not permitted to enter the promotion.
